Welcome to the World's Most Wanted Wiener!

OPPORTUNITY KNOCKS. As a prominent franchise of over 50 years, Wienerschnitzel OWNS the hot dog category and we want to share our business success with you. We are the World's Largest Hot Dog Chain and drive loyal customer following through a high quality, unique menu, with branding and execution that is envious by competitors.

We are Americana – edgy, fun and growing our next-generation restaurants today.

With an all new store design and system-wide increase in same store sales average, we invite you to learn more about our awesome brand!

Every great business success story has a beginning. May this exploration process serve as one of yours!

Our History. Then and now.

THE ARCHITECTURE OF SUCCESS. The first generation Wienerschnitzel "A-Frame" building was an instant classic, with not only a signature red roof and unforgettable design, but also as a monumental step forward in quick-serve concepts. Yes, the original "drive-thru" service was conceived – literally through the center of our restaurant (brilliant, of course!). The original A-Frame strategy also included a narrow building design that could be built on a cost-effective, smaller parcel of land.

While demand for good real estate has not changed, today we keep lineage to the iconic A-frame with a sleek new restaurant design that is cost-efficient and undeniably impressive on every level.

As we embark on the next generation of growth, we are committed to expanding our network of Wienerschnitzel restaurants to NEW franchise owners, with a compelling new building designed to drive profits.

The Next Generation is Here and Now.

Delicious Opportunities.

THE FOOD IS FUNDAMENTAL. We are known for our world famous Chili Cheese Dogs, Chili Cheese Fries, Corn Dogs and delicious Soft-Serve ice cream. Our menu is robust with flavor, but simple and always stay true to who we are and what our guests want. Think about your success: You don't invest in a cult-like following, hot dog empire... that also sells gimmicky foods.

Our food is what sets us apart from all other restaurants. We specialize in products that guests seek out to satisfy their cravings. It's a simple

menu. But it consists of incredible tasting, unique items that you can only get at Wienerschnitzel.

Desert comes FREE! Taster Freez, as a delicious soft-serve ice cream satisfies any sweet tooth after a Wienerschnitzel meal. Our desert menu includes a simple execution and delicious presentation of; Sundaes, Dipped Cones, Shakes, Parfaits, a Banana Split and Freezees too.

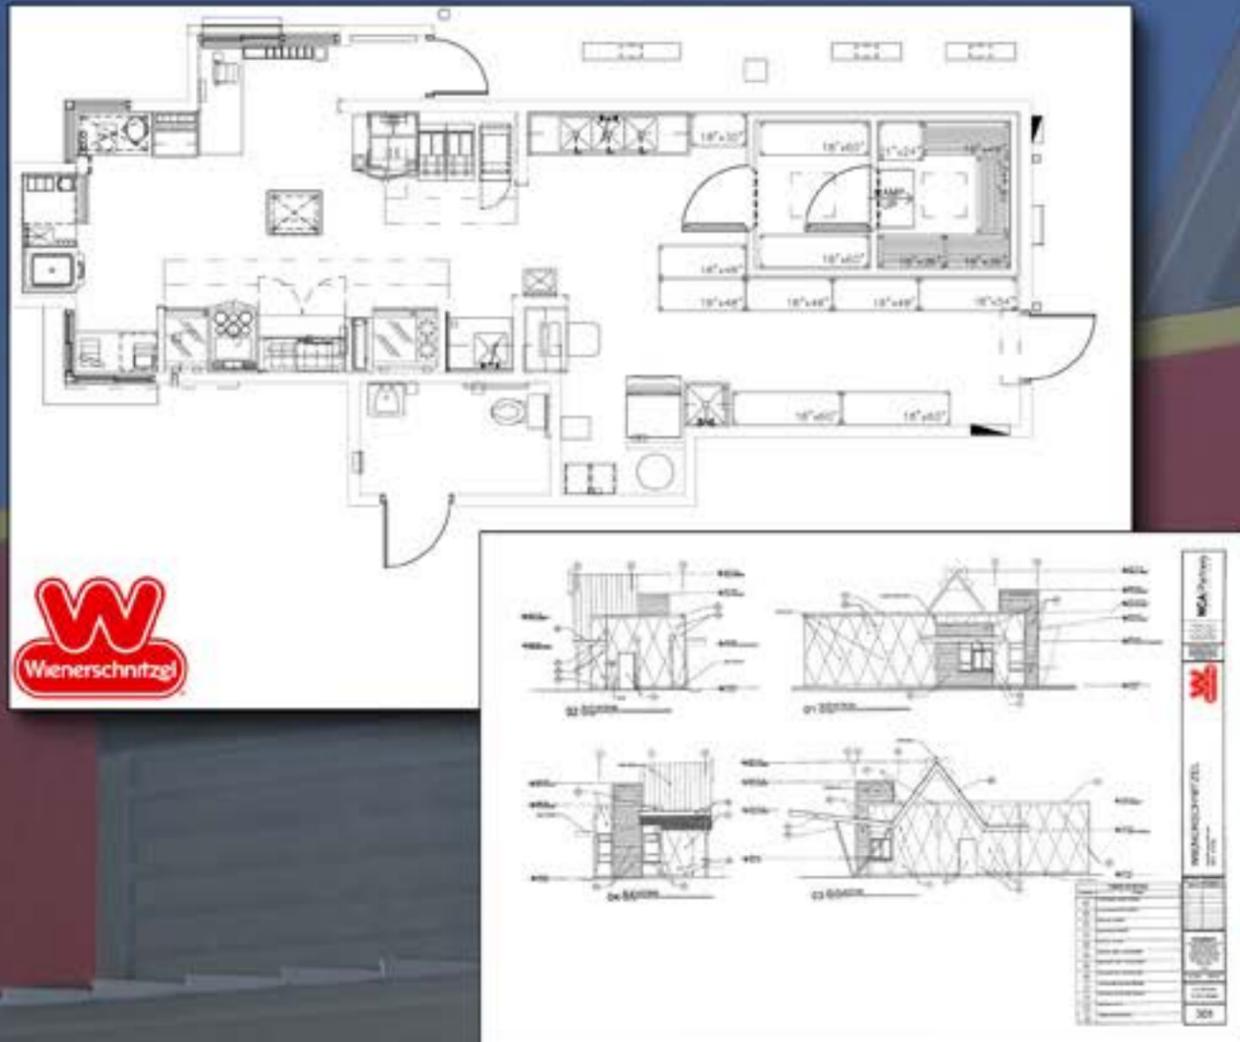

The Taster Freez license and menu is included free with every Wienerschnitzel restaurant.

THE ARCHITECTURE OF SUCCESS. The new "Heritage" Wienerschnitzel restaurant is a unique product of ideas and collaboration with our franchise partners. The sleek design is memorable and efficient, with more real estate options where competitors typically will not go.
